TOTAL BODY CORE

TBC is a class that combines strength training and cardio. It is an intense sport that allows you to expend energy while doing yourself good.

HIIT

High-Intensity Interval Training method. A session consists of alternating periods of very intense effort and recovery. The exercises are typically bodyweight exercises and are performed together.

LEGS WORKOUT
Wed - 12:10-12:55 indoor

Alternating ground and standing exercises to strengthen the glutes, thighs, and calves, and to achieve toned and dynamic legs. This class consists of exercises, with or without equipment.

CORE EXPRESS

Muscle-strengthening classes for the abdominal girdle and deep abdominal muscles, such as the transversal abs and pelvic floor. Slim your waist and sculpt your tummy! Class open to all.

PILATES

A gentle gymnastics method that focuses on developing deep muscles, improving posture, and protecting the spine. It is practiced on the floor with the use of small equipment.

RUNNING
Wed - 12:10-12:55 outdoor

Activity accessible to all and conducive to numerous health benefits: strengthening of the cardiovascular system, calorie burning, muscle strengthening, flexibility, agility, stress relief, and relaxation.

SKILLBIKE

An intensive group training method on an ergonomic stationary bike. The skillbike allows for a strong cardio-respiratory workout while providing a complete lower body strengthening.

STRETCHING

Long confined to the physical preparation of athletes, stretching is now a full-fledged sports activity aimed at improving flexibility and reducing bodily tension.

YOGA

A discipline that combines physical postures, breathing exercises, and meditation. The class offers a combination of different types of yoga: Hatha, Vinyasa, and Yin Yoga.

BOXE

French boxing, alternated with cardio training to work on your technique while burning a maximum of calories. Strengthen your muscle tone, coordination, and speed.

CORE POWER

High-intensity class targeting your abs, incorporating muscle strengthening. For circuit training enthusiasts who want to add an extra dimension to their exercises.

BIKE THE CHASE

Intense 30-minute course focused on climbing passes with various drops. Combines powerful cardiovascular work with muscle strengthening.

Type of training

- Muscle strengthening
- Cardio training
